REMARKS

The figures of births and deaths shown in this statement for the week ending the 1st October, 1949 relate to 177 towns with an estimated population of 23,217 thousands. The total number of towns is 213 and their population is 26,345 thousands. Thus 82% of the total number of towns representing 88% of the total population is covered in this statement. The numbers of births and deaths recorded in these towns were 15,334 and 8,527 representing birth and death rates of 65.3 and 36.7 per thousand of population respectively.

(A) *Indian Provinces*.—The data here relate to 159 towns with an estimated population of 21,172 thousands. Information for Bihar and Assam could not be included. The total number of towns is 191 and their population is 23,722 thousands. Thus 83% of the total number of towns representing 89% of the total population is covered. The numbers of births and deaths recorded in these towns were 14,467 and 54 representing birth and death rates of 68.5 and 25.3

per thousand of population respectively. The table at the end gives the position by provinces.

The towns of Banaras and Hathras in U. P. and Yeotmal in C. P. recorded high death rates of 58.7, 52.0 and 50.3 per thousand of the population respectively. In Banaras and Hathras, the high death rates were partly due to death from fevers and in Yeotmal, the high death rate was not due to any of the specified causes.

(B) *Unions and States*.—The data here relate to 18 towns with an estimated population of 2,045 thousands. The total number of towns is 24 and their population is 2,623 thousands. Thus 75% of the total number of towns representing 78% of the total population is covered. The numbers of births and deaths were 867 and 573 representing birth and death rates of 42.0 and 27.6 per thousand of population respectively. No town recorded a high death rate of 50 or over per thousand of the population.

## MINISTRY OF HOME AFFAIRS

Age Tables for West Bengal, based on the 1941 Census Y-sample, were published in the Supplement to the *Gazette of India*, dated the 14th August 1948. Similar tables for Assam were published on 15th January 1949. Tables for Orissa are now published. The general considerations mentioned in the Introduction published with the West Bengal Tables apply also to these tables.

E. C. GAYNOR,  
*Deputy Secretary.*

## NOTE

In 1941 Orissa consisted of the following districts :

Cuttack  
Balasore  
Puri  
Sambalpur  
Ganjam  
Koraput

2. The following States are now part of Orissa:

Mayurbhanj  
Patna  
Kalahandi  
Athgarh  
Taleher

Nilgiri  
Keonjhar  
Pal Lahara  
Athmalik  
Dhenkanal

Hindol  
Narsinghpur  
Baramba  
Tigiria  
Khandpara

Nayagarh  
Ranpur  
Daspalla  
Baud  
Bamra

Rairakhol  
Sonapur  
Bonai  
Gangpur

3. The Y-sample slips for Mayurbhanj and Patna States could not be traced ; the tables therefore do not cover these territories. Gangpur is also not included.

ORISSA

I AGE AND CIVIL CONDITION

Tables for Orissa and each District.

The figures shown in these tables are estimated from the information provided by the Y-Sample

Divorced persons are included among the Widowed group.

Age details for divorced persons are shown below :—

III AGE LAST BIRTHDAY

Tables for Orissa and each District.

The figures shown in these Tables are estimated from the information provided by the Y-sample.

Figures noted against any age are the number of individuals returning their ages as such. In other words no correction has been made for mis-statement of age.

55A
